TEAM IDENTIFICATION

Team ID: 2206- 901

Competitive event: Webmaster

Level: High School

LEADERSHIP EXPERIENCES (specific to a competitive event)

- As a team we created deadlines for our research and visuals along with coding, and we did our best to meet them. We also spoke with our advisor about our time line. (Be)
- Team Members responsible for learning code challenged their current skills and abilities by learning new ways to code items that were out of their comfort zone. (Do)
- Team Members responsible for research reflected on Regional Competition feedback and took initiative by revising and finishing research on time, and comprehending the AI application. (Know)
- All group members critique each other's work, giving positive and constructive feedback to each other. (Do)

LEADERSHIP EXPERIENCES (connected to one or more of these categories: *Leadership Roles; Community Service/Volunteer Experiences; Leadership Development/Training; College/Career Planning*)

Community Service/Volunteer Experiences

- Volunteered at our chapter's spaghetti dinner. (Do)
- Volunteered at our school's club fair. (designing, setting up, and taking down) (Do)

Leadership Roles

- We worked collaboratively by having specific job requirements. This helped us to meet deadlines and understand that we needed one person to help guide the team to our end goal. (Be)

College/Career Planning

- Learning how to code a website along with incorporating visuals to best portray the product and information help enrich group members of possible college or career opportunities in the computer field, programing, etc. (Do)
